

# El Dorado's Staff is Top Notch!!

El Dorado Private School is proud of the dedicated staff that makes our school so special each and every year. Since 1970, El Dorado has valued its teachers, administrators and other personnel. In turn, they have had a deep respect for their school and students in providing the highest quality education possible. This year's staff is no exception! We would like to take an opportunity to recognize the large group of employees that have been with El Dorado for several years.
